

How to play Animals dominoes

1. Cut out dominoes and share them out among 2–4 players.
2. One player puts a card down:

3. The next player must match either the picture or words to make a true statement:

The picture of a sheep can also be matched to the words:

- a mammal
 - breathes with lungs
 - can walk
 - female feeds her babies milk
 - has a backbone
 - has four legs
 - has warm blood
 - has wool
 - is useful to humans
 - likes to live in groups, lives on land.
4. The winner is the player who is able to place the last card.
 5. Play regularly as you work through the activities in this topic and for revision.
