

## 5.28 Tell me about water

**Topic:** Weather

**Subtopic:** Water

**Activity type/skill:** Describing pictures

**Literacy focus:** Vocabulary

### **Objective**

- Produce target and technical vocabulary in new contexts.

### **What you need**

- Student worksheet (see next page)

### **What to do**

1. Have students work in groups.
2. Each student takes turns to point to a picture on the student worksheet and then point to another student who must say something about the picture and give an explanation of the process associated with it

### **Extending the activity**

- Talk about other pictures.

Activity twenty-eight
