6.31 Matching statements

Topic: Conservation **Subtopic:** Climate change

Activity type/skill: Listening accuracy

Literacy focus: Listening **Genre:** Information reports

Objective

• Develop accuracy when listening for information.

What you need

• Student worksheet (see next page)

• Audio track 6.31

What to do

- Look at the student worksheet and explain to students that they will hear seven pairs of sentences. Each sentence in a pair is said by a different speaker and each is worded differently. Students must decide whether the meaning of the sentences is the same, even though the wording is different, and put a tick in the circles beside the pairs that mean the same.
- 2. Play track 6.31 (Track 8 for this topic) and complete the activity.
- 3. Have them compare their answers and listen again if they do not agree.

Answers:

1. Earth's temperatures are rising.	=	Temperatures on Earth are getting hotter.
2. Greenhouse gases trap heat in the	_	Greenhouse gases in the earth's atmosphere
earth's atmosphere.	_	act like a blanket keeping the earth warm.
3. The polar ice caps will melt and cause		There will be more floods caused by heavier
sea levels to rise.		rainfall.
4. Low, flat islands in the Pacific Ocean		Two low, flat islands in the Pacific Ocean have
will disappear under the sea.		already disappeared under the sea.
5. Climate change will cause weather		Weather patterns will be different because of
patterns to change.	=	climate change.
6. If it gets warmer, some plants may die		If it gets warmer, some animals will not be
and so will the birds and insects that		able to survive if their habitats are destroyed.
depend on them.		
7. There are plenty of things we can do		There's not much we can do to help slow down
to help slow down global warming.		global warming.

Extending the activity

- Use the sentences in this activity in the following techniques:
 - Oral cloze say a sentence and stop before the end for students to complete it.
 - Listen and remember say a sentence, then students must repeat it after you on your signal (a hand movement or tap on a desk). Increase the level of difficulty by increasing the length of the pause before they repeat.
 - Dictation use the sentences for dictation.
